The Sega Dreamcast was a great system with an incredible library of games. Some thanks to its somewhat niche library of arcade, fighting, and dating games. The games I bought were complete with at least the original back cover and manual.

Sega Digital Review: Crazy Taxi (PSN) · Sega Digital Review: Fantasy Zone (Wii). Immerse yourself in this fast-paced Space-Taxi adventure with a twist: manoeuvre through the galaxy and escape planetary gravity Crazy Taxi (International). Sega arcade racing machines did that one right. They had hydraulics systems in the steering wheel, taught me how to shift (the game featured a manual transmission with a simulated clutch).

There, we found Crazy Taxi, Sega's latest arcade driving game, Zombie's Revenge (Sega's House of the Dead side story), Bust A Move (the arcade version of Enix's previous game). Unreal Tournament 2003 manual
